

List of publications

Books:

Schumann, A. and M. Pahlow (Eds.), Reducing the vulnerability of societies to water related risks at the basin scale, IAHS Press, 317, pp. 450, Oxfordshire, UK, 2007.

Book chapters:

Klein, B., Schumann, A.H. and M. Pahlow, Copulas - New risk assessment methodology for dam safety. In: Andreas H. Schumann (Ed.), Flood Risk Assessment and Management – How to specify hydrological loads, their consequences and uncertainties, Springer Verlag, S. 149-185, DOI: 10.1007/978-90-481-9917-4_7, 2011.

Haberlandt, U., Y. Hundecha, M. Pahlow and A.H. Schumann, Rainfall generators for application in flood studies. In: Andreas H. Schumann (Ed.), Flood Risk Assessment and Management – How to specify hydrological loads, their consequences and uncertainties, Springer Verlag, S. 117-147, DOI: 10.1007/978-90-481-9917-4_7, 2011.

Petry, U., A.H. Schumann and M. Pahlow, Ch. 14: Hydrology of the River Wupper Watershed, in: Final report of the BMBF joint research project „Development of a risk-based decision support system for the identification of protection measures to extreme flood events – REISE -“, 2009 (in German).

Pahlow, M., Klein, B., Hundecha, Y., Gattke, C., Petry, U. and A. Schumann, Ch. 4: Hydrology and Water Management. In: Andreas Schumann (Ed.). Integrated use of technical flood retention in polders and dams: the river Unstrut case study, Hydrology & Water Management Series, Ruhr-University Bochum, 24, 2009.

Pahlow, M., Möhrten, C. and J. U. Jörgensen, Chapter 7: Application of cost functions for large scale integration of wind power using a multi-scheme ensemble prediction technique, in Castronuovo E. (Ed.), Optimization advances in electrical power systems, pp. 294, Nova Publishers, 2009.

Dietrich, J., R. Engels, A. Suslova, M. Pahlow and A. Schumann, Water and solute transport modelling, in Dietrich J. and A. Schumann (Eds.), Tools for integrated river basin management – results of the River Werra case study. Concepts for sustainable development of a river basin 7, 470 p., Weissensee-Verlag, Berlin, 2006 (in German).

Refereed journals and conference proceedings:

Schumann, A.H., M. Pahlow, D. Nijssen and B. Klein, Imprecise probabilities to specify hydrological loads for flood risk management. In: Risk in Water Resources Management - Proceedings of symposium H03 held during IUGG2011 in Melbourne, Australia, July 2011, IAHS Publ. 3XX, 2011.

Schumann, A.H.; D. Nijssen and M. Pahlow, Handling uncertainties of hydrological loads in flood retention planning, Intl. J. River Basin Management 8(3-4), 281-294, 2010.
